It forfeited existence in Texas in 1984. I do not have access to any other states to see if it moved elsewhere. I left SOS printout on your chair.

Subject: USOR Research

Hi Mickey, Could you please do some research on the North American Hide Exporters, Inc. organization. I need to know if they are still in business, what they did while in business and get a good address and phone number so we can send them a 104(e) letter.

Thanks
